"Why is electricity important"

In my opinion, electricity is most useful in our free time. I love my laptop. I do my homework on it, then I play video games with my brother. I love to watch television with my grandma in the evening. It's also important in the kitchen. We couldn't use our electric kettle without electricity or our blender or our refrigerator.

"Your school week"

Hi, my name's Lilly, and I go to middle school in San Francisco, USA. I started school in kindergarten when I was six. Now I'm eleven, and I'm in grade 6. I like my school.

We go to school from Monday to Friday. I don't have to wear a school uniform, but my clothes and shoes have to be neat. School starts at 8 am and finishes at 3 pm. I often walk to school when it's dry and sunny. I sometimes get the bus with my friends. We have an hour for lunch, and I usually bring lunch from home. I eat in the cafeteria, or outside in summer.
